I fell right through the cracks, and now I'm trying to get back. Before the cool done run out I'll
                          G                                                  Am

Well, open up your mind and see like me. Open up your plans and damn you're free. Look into
                        F                    C                                      G
your heart and you'll find love, love, love, love. Listen to the music of the moment people dance and sing
                   Am                                        F                          D7 /
We're just one big family. And, it's your God-forsaken right to be loved, loved, loved, loved, loved.

So, I won't hesitate no more, no more. It cannot wait, I'm sure. There's no need to complicate, our

 I've been spending way too long checking my tongue in the mirror and bending over backwards
                                   Am                                F
Just to try to see it clearer. But, my breath fogged up the glass, and so I drew a new face and laughed.
   C                                                  G
 I guess what I'm saying is there ain't no better reason to rid yourself of vanity and just go with
